Absolutely-- Brian Buchner, Chief of CENTCOM Operations. Let me know if you'd like me to make an e-intro for you, and you can both make arrangements from there. More details below:

The Central Command Data Room allows policy shops throughout the Mayor's Office to come together to problem solve priority challenges such as homelessness. It helps guide the office toward the strategic deployment of services and placement of facilities as the implementation of Measure H and HHH progress.

They started a pilot program to address homeless encampment situation in the City starting in the El Pueblo area, and expanding from there.

Great. I sent out a calendar invite for 11:30a on the 5th. One of the main business corridors you mentioned having a bunch of restaurants, etc. that would enable to us to pop into the various businesses and meet the owners would be best.

Just let me know where we should meet you. Thanks again. Looking forward to it.

Best,  
Max
